SUMMARY

Final-year Information Technology undergraduate with strong foundations in Data Structures & Algorithms, Object-Oriented Programming, DBMS, and Software Development. Skilled in Java, Python, React.js, MySQL, and Machine Learning, with hands-on experience building full-stack web applications, AI-powered systems, and cloud-deployed solutions. Passionate about solving real-world problems through technology and actively seeking Software Development, Full-Stack Development, and AI/ML opportunities.

SKILLS

- **Programming:** Java, Python, C
- **Frontend Technologies :** HTML, CSS, Javascript , React.js
- **CS Fundamentals :** DSA , OOP, OS, DBMS
- **Database :** MySQL , MongoDB
- **Tools :** Netlify, Vercel, Render, Streamlit ,Git, GitHub

WORK EXPERIENCE

Java Tech. Stack Intern, Infosys Springboard 06/2026 – Present
Remote

- Working on SentinelCore, an enterprise security operations platform.

Frontend Web Development Intern, Edunet 08/2025 – 09/2025
Remote

- Built **SpeedMart**, a responsive e-commerce web application with dynamic product listings, cart functionality, and intuitive navigation.
- Added interactive user interfaces using HTML, CSS, and JavaScript while implementing JSON-based data management.
- Applied responsive design and UI/UX principles to enhance usability across devices.

Artificial Intelligence Intern, Edunet 06/2025 – 07/2025
Remote

- Developed and evaluated machine learning models using Python and Scikit-learn.
- Built an Employee Salary Prediction system using employee and professional attributes.
- Applied data preprocessing, feature engineering, and model optimization techniques to improve prediction performance.

PROJECTS

SmartAttend AI – Face Recognition Attendance Management System 🔗

- Developed a real-time AI-powered attendance management system using facial recognition to automatically identify and mark attendance for multiple users.
- Built a full-stack web application with React, Node.js, MongoDB, and Python (FastAPI), featuring secure role-based authentication and attendance management.
- Implemented live analytics dashboards, department-wise attendance tracking, automated PDF/Excel report generation, and low-attendance email alerts.
- Integrated OpenCV and pre-trained face detection/recognition models to enable accurate real-time attendance monitoring and reporting.

Tech Stack : React.js, Node.js, FastAPI, Python, OpenCV, Face Recognition, MongoDB, JWT Authentication, PDF/Excel Reporting

Github: <https://github.com/subha7013/SmartAttend-AI---Realtime-Face-Recognition-Attendance-System.git> 🔗

IoT Enabled Smart Crop Recommendation System

- Developed an IoT-enabled smart farming solution using ESP32 and soil sensors to collect real-time soil parameters.
- Built a React-based dashboard and REST APIs for real-time monitoring, visualization, and management of agricultural data.
- Trained and evaluated a Machine Learning model on crop datasets to recommend the most suitable crops based on soil conditions.
- Integrated IoT, Full-Stack Web Development, and AI technologies to support data-driven agricultural decision-making.

Employee Salary Prediction Using Machine Learning 🔗

- Developed a machine learning-based salary prediction system using employee attributes such as education, experience, job role, location, age, and gender.
- Performed data preprocessing, feature engineering, and exploratory data analysis to improve prediction performance.
- Trained and optimized a **Gradient Boosting Regressor**, achieving an **R² score of 0.84** on the test dataset.
- Built and deployed an interactive **Streamlit** web application for real-time salary estimation and compensation analysis.

Tech Stack : Python, Pandas, NumPy, Scikit-learn, Gradient Boosting Regressor, Matplotlib, Streamlit

Github : https://github.com/subha7013/Project_Employee_Salary_Prediction.git 🔗

EDUCATION

- **Bachelor of Technology in Information Technology** 2023 – 2027
MCKV Institute of Engineering - Liluah, West Bengal, India , CGPA : 9.15/10 (till 3rd year)
- **Higher Secondary** 2020 – 2022
Tapsia Vidyasagar Sikshayatan (H.S) - Tapsia, Jhargram, West Bengal , Percentage - 90%
